You may obtain a copy free of charge in hard copy form by contacting the Company by phone at 1300 007 001, and you may request that this occurs on a standing basis for future years. Resolution 1: Adoption of Remuneration Report

Background

Section 250R(3) of the Corporations Act requires that a resolution to adopt the remuneration report must be put to the vote at the Annual General Meeting. The vote on this Resolution is advisory only and does not bind the Directors or the Company.

The Remuneration Report is set out in the Directors' Report in the Company's 2017 Annual Report. The Remuneration Report sets out the Company's remuneration arrangements for the Directors and senior management of the Company.

In accordance with Section 250SA of the Corporations Act 2001, Shareholders will be provided with a reasonable opportunity to ask questions concerning, or make comments on, the remuneration report at the Annual General Meeting.

The Corporations Act requires the Company to put a resolution to Shareholders that, in accordance with Division 9 of Part 2G.2 of the Corporations Act, if twenty five (25%) per cent or more of votes that are cast are voted against the adoption of the Remuneration Report at two consecutive Annual General Meetings, Shareholders will be required to vote at the second of those Annual General Meetings on a resolution (a "spill resolution") that another meeting be held within 90 days at which all of the Company's Directors (other than the Managing Director) must go up for re-election.

It is noted that at the Company's last Annual General Meeting, the votes cast against the remuneration report represented less than twenty five (25%) per cent of the total votes cast and accordingly, a spill resolution will not under any circumstances be required for the Annual General Meeting.

The Directors will consider the outcome of the vote and comments made by Shareholders on the Remuneration Report at the Meeting when reviewing the Company's remuneration policies.

Directors Recommendation

Noting that each Director has a personal interest in their own remuneration from the Company (as such interests are described in the Remuneration Report) and, as described in the voting exclusions on this resolution (set out in the Notice of AGM), that each Director (or any Closely Related Party of a Director) is excluded from voting their shares on this resolution, the Directors unanimously recommend that shareholders vote in favour of Resolution 1 to adopt the Remuneration Report.

Voting Exclusions

Any undirected proxies held by Directors or other Key Management Personnel or their closely related parties for the purposes of Resolution 1 (excluding the Chairman) will not be voted on Resolution 1. Accordingly, if you intend to appoint a member of Key Management Personnel as your proxy, please ensure that you direct them how to vote. Resolution 6: Increase in Aggregate Non-Executive Director Remuneration

The Company seeks shareholder approval to increase the maximum aggregate fees paid to non-executives of the Board by \$100,000, from \$200,000 to \$300,000 per annum. Shareholder approval is sought under clause 41 of the Constitution and ASX Listing Rule 10.17.

The Board considers it appropriate to increase the Maximum Fees Cap, to take account of:

- the Board recently appointing an additional Non-Executive Director to provide additional skills and expertise;
- the continuing increase in size and scale of operations of the Company;
- the need to enable incremental increases in Non-Executive Director remuneration as required over time; and
- the need for appropriate succession planning.

It is imperative that the Company remains able in the future to attract and retain Non-Executive Directors with the appropriate experience, expertise, skills and diversity to oversee the Company's business and strategic direction. Directors Recommendations

In respect of Resolution 8, the Directors recommend that shareholders vote in favour of the Resolution.

Resolution 9: Renewal of Proportional Takeover Bid provision in the Constitution

Background

Rule 68, Clause 156 of the Company's Constitution contains provisions dealing with member approval requirements if there was to be any proportional takeover bids for the Company's securities (Proportional Takeover Bid Provisions).

A "proportional takeover bid" means an off-market bid for a specified proportion of the Company's securities held by each shareholder in a class for which a takeover bid has been made. It is not a bid for all securities held by all members of that class, only part of the securities each holds.

Part 6.5 Subdivision 5C of the Corporations Act provides that these Proportional Bid Provisions cease to apply at the end of 3 years from their adoption (or last renewal), but that they may be renewed by special resolution of the members. The Board believes it is appropriate that the Proportional Takeover Bid Provisions of the Company's Constitution (Rule 68, Clause 156) be renewed.

In seeking the members' approval for the renewal of the Proportional Takeover Bid Provisions, the Corporations Act requires the below information to be provided to members.

Effect of provisions proposed to be renewed

Rule 68, Clause 156 of the Constitution provides that the Company is prohibited from registering any transfer of shares giving effect to a contract of sale pursuant to a proportional takeover bid unless and until after the proposed transfer has been approved by the members at a general meeting of the Company (Approving Resolution). The person making the offer for the securities (Offeror) (and their associates) cannot vote on the Approving Resolution and the Approving Resolution requires the approval of more than 50% of members who are entitled to vote at that meeting.

Reason for the resolution

Rule 68, Clause 156 of the Constitution is required to be renewed as more than 3 years have passed since the last renewal of the Constitution. Section 648(G)(1) of the Corporations Act provides that Proportional Takeover Bid Provisions such as provided in Rule 68, Clause 156 cease to apply at the end of 3 years from their adoption (or their last renewal). Section 648(G)(4) enables the members to approve a renewal of Proportional Bid Provisions.

The Directors believe that the members should continue to have the choice of considering whether to accept a bid for what might become control of the Company without the members having the opportunity to dispose of all of their securities (rather than just some of their securities, as would be the case under a proportional takeover bid). To preserve this choice, Rule 68, Clause 156 needs to be renewed. If Rule 68, Clause 156 is renewed and any proportional takeover bid (if any) is subsequently approved by members, each member will still have the right to make a separate decision whether that member wishes to accept the (proportional takeover) bid for their own securities.

Awareness of current acquisition proposals

As at the date of these Explanatory Notes, none of the Directors are aware of any proposal for any person to acquire (or increase the extent of) a substantial interest in the Company from its current level.

Advantages and disadvantages of the Proportional Bid Provisions since last renewed

As there have been no takeover bids made for any of the shares in the Company since the last renewal of the Proportional Takeover Bid Provisions, there has been no application of Rule 68, Clause 156. It may be argued that the potential advantages and disadvantages described below have also applied for the period since adoption of Rule 68 Clause 156.

Potential advantages and disadvantages of the proposed resolution for both directors and shareholders

An advantage to the directors of renewing the Proportional Takeover Bid Provisions is that the Board will be able to assess the member's acceptance or otherwise of a proportional takeover bid should one be made.

As stated above, renewing Rule 68, Clause 156 provides the members with the choice of considering whether to accept a bid for what might become control of the Company without the members having the opportunity to dispose of all of their securities (rather than just some of their securities, as would be the case under a proportional takeover bid). If Rule 68, Clause 156 is not renewed, members will not have this opportunity.

On the other hand, it may be argued that the renewal of Rule 68, Clause 156 may make proportional takeover bids more difficult to succeed and therefore effectively discourage proportional takeover bids being made and reduce the freedom for members to sell some of their securities.

Voting Exclusions

There are no voting exclusions on this resolution.

Directors Recommendations

Balancing the above advantages and disadvantages, the Directors are of the view that the advantages of renewing the Proportional Takeover Bid Provisions outweigh any disadvantages and unanimously recommend the renewal. Accordingly, Shareholder approval is sought pursuant to this Resolution 9.

The Chairman in his capacity as proxy holder intends to vote undirected proxies in favour of approving this Resolution 9.

The Company acquired all 100 issued shares in the Subsidiary on or about 4 September 2017.

As per a resolution of its Board, the Company has entered into a facility agreement (**Facility Agreement**) with, among others, Bank of Melbourne - A Division of Westpac Banking Corporation (ABN 33 007 457 141) (**Lender**) on or about 26 September 2017.

Under the terms of the Facility Agreement, the Company is required to procure that the Subsidiary becomes an additional guarantor under the Facility Agreement within 90 days of the Company becoming a wholly-owned subsidiary of the Company.

Therefore, the Subsidiary now proposes to enter into:

- (a) an accession agreement to the Facility Agreement under which the Subsidiary will become a party to the Facility Agreement as an additional guarantor (**Accession Agreement**);
- (b) a guarantee and indemnity under which the Subsidiary will guarantee the liabilities of the Company and each other guarantor under the Facility Agreement to the Lender (**Guarantee and Indemnity**);
- (c) a security agreement under which the Subsidiary will charge all its assets and undertakings in favour of the Lender as security for the liabilities of the Company and each other guarantor under the Facility Agreement to the Lender (**Security Agreement**);
- (d) a deed of right of entry to the lease dated on or about 1 July 2016 between the Company (as tenant) and Allwarren Pty Ltd (as landlord) in respect of the property located at 1/68-70 Township Drive, West Burleigh, Queensland 4219 (**Deed of Right of Entry**); and
- (e) any other document ancillary to, required by, or in connection with, the Facility Agreement, any document replacing the Facility Agreement and any guarantee, indemnity or security interest given in connection with the Facility Agreement, any document replacing the Facility Agreement and any related document (**Ancillary Documents**).

That the Facility Agreement, the Accession Agreement, the Guarantee and Indemnity, the Security Agreement, the Deed of Right of Entry and the Ancillary Documents are collectively referred to as the **Finance Documents**.

Future Facilities

The Company may arrange refinancing and additional financing facilities (including working capital facilities) of an amount to be determined in the future from time to time. In order to secure and regulate the obligations of the Company and any applicable subsidiary or related entity of it in relation to such financing facilities, each subsidiary may, from time to time:

- (a) execute, or accede to, a new facilities agreement as an obligor:
 - (i) on substantially the same terms as the Facility Agreement;
 - (ii) on terms approved by the board or members (or both) of the Company at the relevant time;
- (b) give one or more of a guarantee, indemnity or security interest over its assets (whether by way of mortgage or other security interest) to secure each obligor's obligations under any new facilities agreement and any related document; and

- (c) execute, or accede to, any document in connection with, or ancillary to, any new facilities agreement or guarantee, indemnity or security interest given in connection with any new facilities agreement and any restated documents.

These documents, together with the Finance Documents, are referred to as the Documents.

The Subsidiary's obligations under each Document to which it is a party are significant. Those obligations will include:

- (a) unconditionally and irrevocably guaranteeing the performance of the obligations (including payment obligations) of its holding company and any applicable subsidiary or related entity of it under certain of the Documents (including the Facility Agreement) from time to time;
- (b) indemnifying the lender or lenders and other parties against any liability or loss or cost incurred by them under certain of the Documents (including the Facility Agreement); and
- (c) if required, giving security interests over its assets to secure the obligations of its or its holding company or the Company and any applicable subsidiary or related entity of it under the Documents from time to time.

Financial Assistance

The entering into and performing of obligations under the Finance Documents will constitute the giving of financial assistance by the Subsidiary under section 260A of the Corporations Act 2001 (Cth).

Financial assistance only contravenes section 260A of the Corporations Act 2001 (Cth) if it prejudices the interests of shareholders or creditors of a company. In this regard, section 260A(1)(a) of the Corporations Act 2001 (Cth) states that a company may only financially assist a person to acquire shares in the company (or a holding company of the company) if:

- “(a) *giving the assistance does not materially prejudice:*
 - (i) *the interests of the company or its shareholders; or*
 - (ii) *the company's ability to pay its creditors.”*

If there is prejudice to the interests of shareholders or creditors of a company, then the financial assistance will nevertheless not contravene section 260A of the *Corporations Act 2001* (Cth) if shareholder approval to the financial assistance is obtained by the company as provided for under section 260A(1)(b) of the *Corporations Act 2001* (Cth).

The directors of the Subsidiary have considered the requirements of section 260A of the *Corporations Act 2001* (Cth). The directors have **not** formed the view that the giving of the financial assistance will have the effect of prejudicing the interests of creditors or shareholders of the Subsidiary. The directors of the Subsidiary have, however, decided to seek shareholder approval under section 260A(1)(b) of the *Corporations Act 2001* (Cth).

In addition, section 260B(2) of the *Corporations Act 2001* (Cth) provides that:

“If [the Subsidiary] will be a subsidiary of a listed domestic corporation immediately after the acquisition referred to in section 260A occurs, the financial assistance must also be approved by a special resolution passed at a general meeting of that corporation”.

As the Company is the ultimate Australian holding company of the Subsidiary, the financial assistance must be approved by a special resolution of the Company for the section 260B(2) of the *Corporations Act 2001* (Cth).

Pursuant to section 249A(2) of the *Corporations Act 2001* (Cth), a company may pass a resolution, without a general meeting if all the members entitled to vote on the resolution sign a document containing a statement that they are in favour of the resolution set out in the document.

The approval of the members of the Company is therefore sought pursuant to sections 260B(2) and 249A(2) of the *Corporations Act 2001* (Cth), in respect of the Subsidiary, to the financial assistance described above.

Reasons for the proposal to give financial assistance

Certain facilities (in accordance with the terms of the Facility Agreement) have been requested by and made available to the Company and various other group companies.

As at the date of this Statement of Material Information, the facilities provided under the Facility Agreement have a combined limit of approximately A\$6,000,000 and the terms of the Facility Agreement and each other Finance Document to which the Subsidiary will be bound following execution of the Accession Agreement includes events of default, undertakings, representations and warranties from the borrower and guarantors consistent with agreements of this nature.

In consideration for the continuation of those facilities, the Subsidiary is required to execute the Finance Documents to which it is a party.

If the financial assistance is not approved then the Company may be in default under the Facility Agreement in which case the Lender may exercise its rights to demand payment of all outstanding moneys from the Company and the other relevant group companies.

Effect of giving financial assistance on the financial position of the Company

The directors believe that the interests of the members of the Company and the Company's ability to pay its creditors will not be prejudiced by entry by the Subsidiary into the Finance Documents to which it is a party.

If, however, the Finance Documents are enforced at any stage this may have an impact on the solvency of the Company and the Subsidiary, and the interests of the creditors and/or members of the Company and the Subsidiary.

In determining whether to approve the financial assistance it is relevant to consider the likelihood that the Finance Documents will be enforced. After having regard to the financial and trading position of the Company, the Subsidiary and the various other group companies (and therefore the Company's and the other relevant group companies' ability to service the repayment obligations under the Facility Agreement), the members of the Company might form the view that there is no significant prospect of the Finance Documents being enforced.

Prior Notice

As required by section 260B(5) of the *Corporations Act 2001* (Cth), a copy of this Statement of Material Information as sent to the members of the Company was lodged with the Australian Securities and Investments Commission prior to its dispatch to the members.

Disclosure

The Company considers this statement to contain all material information known to the Company that could reasonably be required by the members in deciding how to vote on the proposed resolution.

Conclusion

In the opinion of the directors of the Company, after taking into account the financial position of the Company (including future liabilities and contingent liabilities of the Company) and the advantages and disadvantages of the proposed resolution, the giving of any financial assistance by the Subsidiary pursuant to the Facility Agreement or the Finance Documents or the transactions contemplated in them would not be likely to prejudice materially the interests of the creditors or members of the Company or the Subsidiary, or any class of those creditors or members.

Voting Exclusions

There are no voting exclusions on this resolution.

Directors Recommendations

The Board recommends that shareholders vote in favour of Resolution 10. The Chairman of the meeting intends to vote undirected proxies in favour of this Resolution.

Resolution 11: Approval of 10% Placement Facility

Background

Listing Rule 7.1A enables eligible entities to issue Equity Securities up to 10% of its issued share capital through placements over a 12 month period after the annual general meeting ("10% Placement Facility"). The 10% Placement Facility is in addition to the Company's 15% placement capacity under Listing Rule 7.1.

An eligible entity for the purposes of Listing Rule 7.1A is an entity that is not included in the S&P/ASX 300 Index and has a market capitalisation of \$300 million or less. The Company is an eligible entity.

The Company is now seeking shareholder approval by way of a special resolution to have the ability to issue Equity Securities under the 10% Placement Facility.

The exact number of Equity Securities to be issued under the 10% Placement Facility will be determined in accordance with the formula prescribed in Listing Rule 7.1A.2 (see below).

The Company continues actively seeking to increase work on its current operations and reviewing new potential projects and investments. Should the Company utilise the 10% Placement Facility, it intends to use the funds to acquire new assets or investments, to conduct further work on its current operations or to meet additional working capital requirements.

Directors Recommendations

The Directors of the Company believe that Resolution 11 is in the best interests of the Company and unanimously recommend that Shareholders vote in favour of this Resolution.

Voting Exclusions

The Company will disregard any votes cast on Resolution 11 by any person who may participate in the proposed issue or any person who might obtain a benefit, except a benefit solely in the capacity of a holder of ordinary shares, and any associate of such person.

Description of Listing Rule 7.1A

(a) Shareholder approval

The ability to issue Equity Securities under the 10% Placement Facility is subject to shareholder approval by way of a special resolution at an annual general meeting. This means it requires approval of 75% of the votes cast by shareholders present and eligible to vote (in person, by proxy, by attorney or, in the case of a corporate shareholder, by a corporate representative).

(b) Equity Securities

Any Equity Securities issued under the 10% Placement Facility must be in the same class as an existing quoted class of Equity Securities of the Company.

The Company, as at the date of the Notice, has on issue four classes of Equity Securities, Shares and Unlisted Options, Listed Options and Performance Rights.

(c) Formula for calculating 10% Placement Facility

Listing Rule 7.1A.2 provides that eligible entities which have obtained shareholder approval at an annual general meeting may issue or agree to issue, during the 12 month period after the date of the annual general meeting, a number of Equity Securities calculated in accordance with the following formula:

$$(A \times D) - E$$

A is the number of shares on issue 12 months before the date of issue or agreement:

- (A) plus the number of fully paid shares issued in the 12 months under an exception in Listing Rule 7.2;
- (B) plus the number of partly paid shares that became fully paid in the 12 months;
- (C) plus the number of fully paid shares issued in the 12 months with approval of holders of shares under Listing Rules 7.1 and 7.4. This does not include an issue of fully paid shares under the entity's 15% placement capacity without shareholder approval;
- (D) less the number of fully paid shares cancelled in the 12 months.

Note that A is has the same meaning in Listing Rule 7.1 when calculating an entity's 15% placement capacity.

D is 10%

E is the number of Equity Securities issued or agreed to be issued under Listing Rule 7.1A.2 in the 12 months before the date of the issue or agreement to issue that are not issued with the approval of shareholders under Listing Rule 7.1 or 7.4.

(d) *Listing Rule 7.1 and Listing Rule 7.1A*

The ability of an entity to issue Equity Securities under Listing Rule 7.1A is in addition to the entity's 15% placement capacity under Listing Rule 7.1.

The actual number of Equity Securities that the Company will have capacity to issue under Listing Rule 7.1A will be calculated at the date of issue of the Equity Securities in accordance with the formula prescribed in Listing Rule 7.1A.2

(e) *Minimum Issue Price*

The issue price of Equity Securities issued under Listing Rule 7.1A must be not less than 75% of the VWAP of Equity Securities in the same class calculated over the 15 trading days immediately before:

- (i) the date on which the price at which the Equity Securities are to be issued is agreed; or
- (ii) if the Equity Securities are not issued within 5 trading days of the date in paragraph (i) above, the date on which the Equity Securities are issued.

(f) *10% Placement Period*

Shareholder approval of the 10% Placement Facility under Listing Rule 7.1A is valid from the date of the annual general meeting at which the approval is obtained and expires on the earlier to occur of:

- (i) the date that is 12 months after the date of the annual general meeting at which the approval is obtained; or
- (ii) the date of the approval by shareholders of a transaction under Listing Rules 11.1.2 (a significant change to the nature or scale of activities) or 11.2 (disposal of main undertaking),

(10% Placement Period).

Listing Rule 7.1A

The effect of Resolution 11 will be to allow the Directors to issue the Equity Securities under Listing Rule 7.1A during the 10% Placement Period without using the Company's 15% placement capacity under Listing Rule 7.1.

Resolution 11 is a special resolution and therefore requires approval of 75% of the votes cast by Shareholders present and eligible to vote (in person, by proxy, by attorney or, in the case of a corporate Shareholder, by a corporate representative).

Specific information required by Listing Rule 7.3A

Pursuant to and in accordance with Listing Rule 7.3A, information is provided in relation to the approval of the 10% Placement Facility as follows:

- (a) The Equity Securities will be issued at an issue price of not less than 75% of the VWAP for the Company's Equity Securities over the 15 trading days immediately before:
 - (i) the date on which the price at which the Equity Securities are to be issued is agreed; or
 - (ii) if the Equity Securities are not issued within 5 trading days of the date in paragraph (i) above, the date on which the Equity Securities are issued.
- (b) If Resolution 11 is approved by Shareholders and the Company issues Equity Securities under the 10% Placement Facility, the existing Shareholders' voting power in the Company will be diluted as shown in the below table (in the case of Listed Options, only if the Listed Options are exercised). Shareholders may be exposed to economic risk and voting dilution, including the following:
 - (i) the market price for the Company's Equity Securities may be significantly lower on the date of the issue of the Equity Securities than on the date of the Annual General Meeting; and

- (ii) the Equity Securities may be issued at a price that is at a discount to the market price for the Company's Equity Securities on the issue date or the Equity Securities are issued as part of consideration for the acquisition of a new asset,

which may have an effect on the amount of funds raised by the issue of the Equity Securities.

The below table shows the dilution of existing Shareholders on the basis of the current market price of Shares and the current number of ordinary securities for variable "A" calculated in accordance with the formula in Listing Rule 7.1A(2) as at the date of this Notice.

The table also shows:

- two examples where variable "A" has increased, by 50% and 100%. Variable "A" is based on the number of ordinary securities the Company has on issue. The number of ordinary securities on issue may increase as a result of issues of ordinary securities that do not require Shareholder approval (for example, a pro rata entitlements issue or scrip issued under a takeover offer) or future specific placements under Listing Rule 7.1 that are approved at a future Shareholders' meeting; and
- two examples of where the issue price of ordinary securities has decreased by 50% and increased by 100% as against the current market price.

Variable 'A' in Listing Rule 7.1A.2		Dilution		
		\$0.063 50% decrease in Issue Price	\$0.125 Issue Price	\$0.250 100% increase in Issue Price
Current Variable A 207,745,605 Shares	10% Voting Dilution	20,774,561 Shares	20,774,561 Shares	20,774,561 Shares
	Funds raised	\$1,308,797	\$2,596,820	\$5,193,640
50% increase in current Variable A 311,618,408 Shares	10% Voting Dilution	31,161,841 Shares	31,161,841 Shares	31,161,841 Shares
	Funds raised	\$1,963,196	\$3,895,230	\$7,790,460
100% increase in current Variable A 415,491,210 Shares	10% Voting Dilution	41,549,121 Shares	41,549,121 Shares	41,549,121 Shares
	Funds raised	\$2,617,595	\$5,193,640	\$10,387,280

The table has been prepared on the following assumptions:

- The Company issues the maximum number of Equity Securities available under the 10% Placement Facility.
- No Listed Options (including any Listed Options issued under the 10% Placement Facility) are exercised into Shares before the date of the issue of the Equity Securities;
- The 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue. This is why the voting dilution is shown in each example as 10%.
- The table does not show an example of dilution that may be caused to a particular Shareholder by reason of placements under the 10% Placement Facility, based on that Shareholder's holding at the date of the Annual General Meeting.
- The table shows only the effect of issues of Equity Securities under Listing Rule 7.1A, not under the 15% placement capacity under Listing Rule 7.1.
- The issue of Equity Securities under the 10% Placement Facility consists only of Shares. If the issue of Equity Securities includes Listed Options, it is assumed that those Listed Options are exercised into Shares for the purpose of calculating the voting dilution effect on existing Shareholders.
- The issue price is **\$0.125**, being the closing price of the Shares on ASX on **20 September 2017**.

- (c) The Company will only issue and allot the Equity Securities during the 10% Placement Period. The approval under Resolution 11 for the issue of the Equity Securities will cease to be valid in the event that

Shareholders approve a transaction under Listing Rule 11.1.2 (a significant change to the nature or scale of activities or Listing Rule 11.2 (disposal of main undertaking)).

- (d) The Company may seek to issue the Equity Securities for the following purposes:
- (i) non-cash consideration for the acquisition of the new assets and investments. In such circumstances the Company will provide a valuation of the non-cash consideration as required by Listing Rule 7.1A.3; or
 - (ii) cash consideration. In such circumstances, the Company intends to use the funds raised towards an acquisition of new assets or investments (including expense associated with such acquisition), continued expenditure on the Company's current assets and projects and/or general working capital.
- (e) The Company will comply with the disclosure obligations under Listing Rules 7.1A(4) and 3.10.5A upon issue of any Equity Securities.

The Company's allocation policy is dependent on the prevailing market conditions at the time of any proposed issue pursuant to the 10% Placement Facility. The identity of the allottees of Equity Securities will be determined on a case-by-case basis having regard to the factors including but not limited to the following:

- (i) the methods of raising funds that are available to the Company, including but not limited to, rights issue or other issue in which existing security holders can participate;
- (ii) the effect of the issue of the Equity Securities on the control of the Company;
- (iii) the financial situation and solvency of the Company; and
- (iv) advice from corporate, financial and broking advisers (if applicable).

The allottees under the 10% Placement Facility have not been determined as at the date of this Notice but may include existing substantial Shareholders and/or new Shareholders who are not related parties or associates of a related party of the Company.

Further, if the Company is successful in acquiring new assets or investments, it is likely that the allottees under the 10% Placement Facility will be the vendors of the new assets or investments.

- (f) A voting exclusion statement is included in the Notice. At the date of this Notice, the Company has not approached any particular existing Shareholder or security holder or an identifiable class of existing security holder to participate in the issue of the Equity Securities. No existing Shareholder's votes will therefore be excluded under the voting exclusion in the Notice.

Equity Issues over the Last 12 Months – Listing Rule 7.3A.6

The table below shows the total number of equity securities issued in the past 12 months preceding the date of the AGM and the percentages those issues represent of the total number of equity securities on issue at the commencement of the 12 month period with all numbers noted on a post-consolidation basis.

Number of equity securities on issue at commencement of 12 month period	213,823,536
Equity securities issued in the prior 12 month period*	43,047,192
Percentage of equity securities represent of total number of equity securities on issue at commencement of 12 month period	20.13%

* For full details of the issues of equity securities made by the Company since the date of the last Annual General Meeting, see Appendix 1. Included in this Appendix is a summary of the amount of funds raised as a result of the capital raisings during the previous 12 month period. The funds raised as a result of the capital raising have been used for the acquisition of Phone Names Marketing Pty Ltd and World Without Wires Pty Ltd.
